RRG Corporate Governance Scoring System

Performance of Companies With Good and Bad Corporate Governance

- Over the past few years our Corporate Governance Universe has rapidly expanded, currently we have CG Scores on over 1,304 companies across the Emerging Markets.
- The below chart displays the performance across two groups of companies that have at least 5 years of historical price data, those with good CG Scores (above 75) and those with bad CG scores (below 50).
- Over the past 5 years the 'good CG Score' basket has outperformed the 'bad CG Score' basket by 26%.
- It pays to avoid companies with poor corporate governance.
